## **DO NOT PASS THE CAP-AND-TRADE BILL!**

Release Date 6/26/2009

Dear Congressmen and Senators of Arizona,

I write to you as a simple hard working American; please listen to the families of our state of Arizona and the citizens of the United States of America. Please listen when we say **DO NOT PASS THE BILL ON CAP-AND-TRADE**. Do not burden American families with future higher taxes and restrictions of our Constitutional Freedoms and rights. Do not allow our children's future to be burdened with un-necessary government regulations and additional greed of taxation. It is your responsibility to listen to the people and act on our behalf. What you are doing to this country is unacceptable; what Washington politicians are doing is treason and punishable under our constitutional laws.

As citizens we are not going to sit back and let you take control of our lives or tread on our freedom. The time is now to show you have a spine and consciences: **IF YOU PASS THE BILL ON CAP & TRADE, WE WILL MAKE SURE YOU ARE ALL VOTED OUT IN THE NEXT ELECTION**. We asked you not to pass TARP, yet you did it anyway. As the saying goes; "Fool me once, shame on you. Fool me twice, shame on me". I can assure you the American people will not be fooled again. The CAP-AND-TRADE, bill is a future of hidden taxes and ridicules green initiatives to increase the governments power. Passing this bill will be a real threat to our economies GDP. The whole point of cap and trade is to hike the price of electricity and gas so that Americans will use less. These higher prices will show up not just in electricity bills or at the gas station but in every manufactured good, from food to cars. Consumers will cut back on spending, which in turn will cut back on production, which results in fewer jobs created or higher unemployment. Some companies will instead move their operations overseas, which will speed the erosion of our economy.

You have the power to act on behalf of the people, now go use that power for the people. Remember our power is to vote you out if you do not listen. Some of you have become too comfortable and too wealthy off of our tax dollars. It is time for action or it time you go away.
